

Flame Manager

Solid State Design Provides Ignition and Flame Monitoring

Description:

Unit is Equipped with:

- On/Off Switch
- Flame Fail Light
- Flame On Light
- Completely Enclosed
- Compact Size
- Enhanced Solid State Circuitry
- Removable Cover for Easy Installation and Wiring
- Ignition and flame monitoring for burner capacities less than 400,00 BTU/HR
- 120 VAC-60HZ.

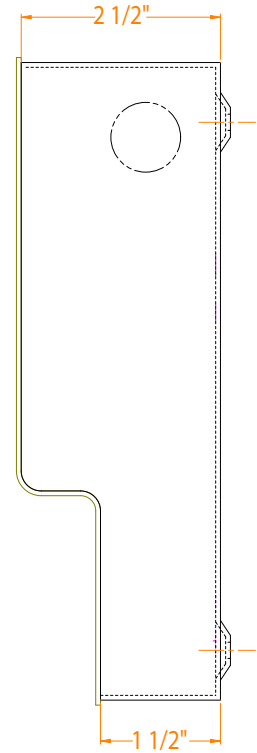

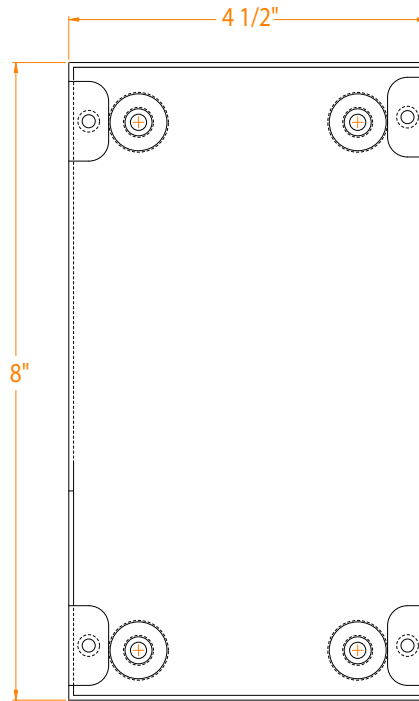

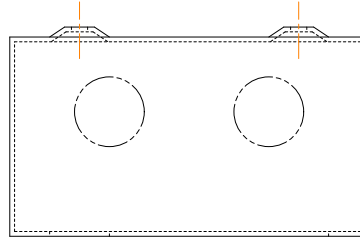

Part No. 090811
